6 The security offered by Mr. Ayya is not enough for the amount applied for by him. The Dy Comm^r. Kolar is said to have estimated the Value of the Jodi village at Rs 1500 and the loan amount is Rs 300 a Rs 4500-/. Insufficiency of security cannot surely be a very strong reason to convert a loan Scholarship into a State Scholarship. The D's recommendation cannot therefore be accepted.

7 The other alternative proposed by him viz to accept the personal security of Mr. D Venkatramia may be favorably considered, especially as Mr. Ayya has been registered as a candidate for the M.S.E degree and Mr. D Venkatramaayya is a well-to-do respectable man. The rule requires the candidate to give satisfactory security - but personal security is not expressly prohibited. If Mr. D Venkatramaayya's suretyship is accepted, the D. may be requested to have necessary bonds executed by the ~~Secretary~~ Principal as well as the Surety.

# Submitted to His Highness.

Mr. D.V. Aiyya, one of the Operators of the Electrical Department, has been granted a loan scholarship of £200 per annum for two years to study Electrical engineering in America. As he is unable to furnish any other security besides the jodi village of Bettadahosahalli which is valued at Rs.1,500, the Inspector General of Education recommends that he may be given one of the unutilised State or Damodar Das scholarships, or if that is not possible, a loan of £300 on the persona security of his brother Mr. D. Venkataramayya. As the scholar is reported to have special aptitude for electrical engineering, it is proposed to sanction a loan of £300 as a special case on the security of the jodi village if he also furnishes security in addition in the shape of insurance policies of the value of £300. He will also be required to bind himself to serve the State till the loan is discharged.

2. The student is already in America and the above proposal may be sanctioned.

SIR,

With reference to Government Order No.4787-93/Edn.2-14-157 dated 11th May 1915 sanctioning a loan scholarship of £200 per annum for 2 years to Mr. D.V. Ayya to study Electrical Engineering and your D.O. No.2055/Edn.2-15 dated 11th November 1915 conveying the approval of Government for the payment of £100 to Mr. Ayya pending the investigation of the sufficiency of the security furnished by him, I have the honour to state that the Deputy Commissioner, Kolar District who was consulted stated that the Jodi village of Bettadahosahalli offered by Mr.Ayya as security was worth about Rs.1,500 and that the net profit to the Jodidar was about Rs.65 per annum. From further enquiry from Mr. D. Venkataramaiya, B.A., Advocate, Bangalore, who is the Manager of the said Jodi village, I learn that Mr. Ayya has no other security to offer. I herein enclose a letter dated 9th April 1916 from Mr. Venkataramaiya, stating that Mr. Ayya has been permitted to appear for the M.E.E. Degree Examination and that he will complete his training within 18 months and praying for a special scholarship to Mr. Ayya. In these circumstances I request that Government may be pleased to sanction one of the unutilized State or Damodar Doss Scholarships

of

of the current year to Mr. Ayya, as he seems to be a bright student. If no State or Damodar Doss scholarship can be given to him, I request that the loan prayed for by him, viz. £300, may be kindly ordered to be paid on the ~~pxx~~ personal security of Mr. D. Venkataramaiya.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector General.

Letter dated 9th April 1916 from Mr. D. Venkataramaiya, B.A Bangalore, to the Inspector General of Education in Mysore.

---

I enclose herewith letter addressed to Mr. D.V. Ayya from Mr. Barnes giving him permission to appear for the Degree of M.E.E. He writes to me from America that he will be able to take the degree within six months and also complete the practical course of training in Electrical Engineering in about eighteen months. He says, that he is very hard up for money. It seems he has written to you two letters to that effect. When he left this for America, he only received an advance of 100 £. If further advances to be made on his furnishing immovable security it would be denying him the benefit of Government help. The other candidates who were deputed to America were raw young men who took four and five years to take a degree. In this case, he has had post graduate course in the Indian Institute of Science, after his study in the Victoria Technical Institute. With this advantage he seems to have been able to get permission to appear for the M.E.E. Degree although he reached America so recently as twelfth of January this year. As he seems to be in urgent need of funds, I shall feel obliged, if you will submit his case to Government for a special scholarship and obtain the necessary sanction for an early remittance.

With kind regards.
